MARKETING INTERNSHIP

PROFILE

I am a marketing student from Chulalongkorn Business School. I always want to explore new activities. I believe that there is nothing that we cannot do if we put enough our effort. I always keep learning, pushing, and improving myself. Currently, I am interested in programming skills as I believe it will be useful in the future!

EDUCATION

Chulalongkorn University, BBA

Majoring in Brand and Marketing Management, BBA international programme.

EXTRA ACTIVITIES

President of Shi Leelart Club - 2019 to 2020

I had to coordinate with many people in a team and the university staff. Also, I had to push people to work in an amiable way and prepare them for the competition.

The National University Sports Game - 2019

Participated in Ballroom and Latin dance competition as I wanted to try something new. It was hard in the first place as I am not a professional athlete during the audition. However, I got a medal for my university!

Other case competitions

I joined quite a few case competition. Although I never succeed, I think they were a very good experience to form a team with students from other universities and to learn from my mistakes.
